

Family Notes

I'm writing this aboard a tractor in Point Mackenzie, Alaska!

If FOY did not exist for my elderly father-in-law, I'm not sure what our family would do. The staff contacts me if he doesn't arrive on time. They tell me if he is well fed or being taken care of by his caretaker. This facility is my eyes and ears and they do a fantastic job. My father-in-law enjoys the quality programs and looks forward to his time at FOY.

Mom is a precious part of our family and has always cared for us. Now that she's in our care, we trust the Fountain of Youth. Mom looks forward to seeing her friends and the caring staff. She loves the great meals, music, activities, and having her hair done in the salon. Thank you Fountain of Youth, you have been a life saver for Mom and me!

I think FOY is one of the best things to happen in a long time. We can send our dependent adults to the center and we know they are SAFE for the day and have games to play, good food, and others to visit with. Thank you a thousand times over for the great work you all are doing.

Fountain of Youth Adult Day Center

Quality Care for Dependent Adults

A United Way Community Partner

Why Adult Day Services

Adult Day Services allow family caregivers to.....

- Continue to work away from home
- Have more productivity at home
- Have "down time" from caregiving
- Prevent premature nursing home placement
- Obtain assistance with client's physical care needs
- Provide appropriate and cost effective care for dependent adults

Quality Care for Dependent Adults

The Fountain of Youth exists to provide quality day services to the dependent adults ages 18 and older that spend their days with us.

Our goal is to provide excellent care, fun and stimulating activities, nutritious meals and a family feel environment to our clients.

We also provide peace of mind and a much needed break from constant caregiving to our families.
